# About Al Tasnim Group

Al Tasnim Group is an 100% Omani company with a four-decade long history of consistently delivering quality construction solutions in the Sultanate of Oman. Since its inception, the Group has grown substantially from a small family business to one of the leading business Groups in Oman, with a diverse team of more than 30,000 employees.

The Group is the most reputed “All Service Group” with several accolades, awards and achievements to its name, and recognizes Quality, Health, Safety and Environment protection as an integral part of its operations.

# Group Strengths

ISO 9001:2015, ISO 14001:2015, ISO 45001:2018 Certified

Over 20,000+ Employees (3526 Nationals)

Over 500+ Projects Successfully Completed

Assets Spread Over 55+ Locations

Over 6,000+ units of Vehicle & Equipment

Geographically spread across Oman, UAE, Qatar and India

# In Country Value (ICV)

- On the Job training to empower young Omani graduates
- Over 70% of our material is procured locally
- Work with over 150 LCC's & SME's and committed to their development through Group's Mentoring Programs

## Corporate Social Responsibility (CSR)

- Contribution to the Health Care of Oman – “Barbazoom Health Centre”
- Food supply to over 100 families every month across the Sultanate
- Construction of Walkways & Bicycle Tracks
- Donating construction material for Mosques

**Blasting & Painting  
Services**

# Our Strengths

- 100% environmentally protected & CE certified blasting machines
- Shot blasting chamber and booth with automatic shot/grit re-circulation system
- Covered painting area with exhaust systems
- Capability to apply all types of Epoxy, Alkyd & Intumescent Paint Systems
- Facility capable of handling & painting for structures, pipes & heavy equipment
- Qualified coating inspectors

# Our Facilities

**Name:** Shot Blasting Chamber, Scitex, Poland

**Purpose:** Shot Blasting of Steel Structure

**Name:** Automatic Shot Blasting Machine, Scitex Poland

**Painting Bays – 2 Nos**

**Cold Form &  
Light Gauge Steel**

# Our Strengths

- Capability for the design & detailing of cold formed steel structures
- Use of cold formed frames in an innovative way for ceiling support, partition walls and mezzanines
- CNC machines fully capable of producing the components as per the design model, without any manual inputs & interactions, which gives an error free assembled product
- The assembly process can be taken at factory or at site
- The frames are assembled to form the panels and trusses & capable team for rapid and accurate erection

# Our **Machineries**

**Name : Cold form Sheeting Machine**

**Name : Cold form Purlin Machine**

**Brand: Zhejiang Jinggong /JLB-350**

**Purpose: Manufacturing of Purlin ( C & Z ) from GI Coils**

**Oil & Gas  
Manufacturing**

# Our Strengths

- 6,000sqm full-fledged covered fabrication shop with modern equipment
- Over a decade of legacy in executing PDO jobs
- Commendable HSE, quality and on time delivery performance
- Trained work force to cater the demand of oil and gas fabrication including CS/LTCS/SS/DSS/SDSS/Alloy material fabrication
- Capable to deliver over 35,000-inch dia piping and pipeline spools fabrication in a month
- Certifications including ISO, OHSAS, ASME 'U', 'S' and national board 'R' stamps

# Our Capability

## Service Offered:

- Piping Fabrication
- Structural Fabrication
  - Skids
  - Manifolds
- Pressure Vessels and Storage Tanks

## Welding Capability:

- Stainless Steel S316, 304, 310 Duplex & Super Duplex Stainless steel
- Low Alloy P11, P22 & P91, Low Temp Carbon Steel, Inconel 625 & 825

## Inspection & Testing Facility:

- Positive Material Identification
- Hardness Testing
- Hydrotest facilities
- Non Destructive testing (RT, UT, DPT, MPT)

Sr No	Piping Fabrication Capacity	Monthly Volume (Inch Dia)

Semi automatic band saw for bar and pipe cutting

Bringing economy, precision and speed into heavy machine shop

Built with power, precision and versatility for achieving unmatched capabilities in precision turning

**Precast Products**

# Our Strengths

- 120,000 sq meter yards spread across the Sultanate - Rumaish, Nizwa, Sohar, Duqm, Amal & Salalah to ensure integrated supply to cater to projects of any size
- Our core values - Quality, Consistency and Reliability
- Precast products enhances the speed of execution / construction
- Our team of expert engineers and designers provide value engineering & customized precast solutions
- Proven track record of successfully executed projects through timely delivery and highest quality of services leading to customer satisfaction

**Rebar – Cut & Bend  
Services**

# Our Strengths

- Bar bending schedules are prepared by our team of engineers using RC CAD.
- The rebar is then cut and bend with precise accuracy by computer controlled machines.
- Each processed material will carry a tag with the specific product details (bar mark, bar diameter, location with member name) which helps in easy identification and installation reference to the placement drawings.
- This ensures timely completion of the projects with highest quality and optimization of cost.

# Our Machines

- This shear- lines from leading European manufacturer are workhorses having capacity to shear up to 100 tons of steel per day
- Diameter of bars can be sheared up to 40mm
- Production tolerance - Side length (max.)  $\pm 1\text{mm}$
- 6 Bar loading stations to store different diameter of bars for days production.

**Name: Shear Line Cutting Machine Loading**

**Brand: Oscam, Italy**

# Our Machines

- Machines capable of bending at both the ends of the bar
- Higher level of efficiency compared to the conventional bending machines
- Computer controlled machines capable of operating in fully-automatic, semi-automatic or manual modes
- Can be operated in both negative & positive bending

**Name: Robotic CNC Bending Machines**

**Brand: Oscan, Italy**

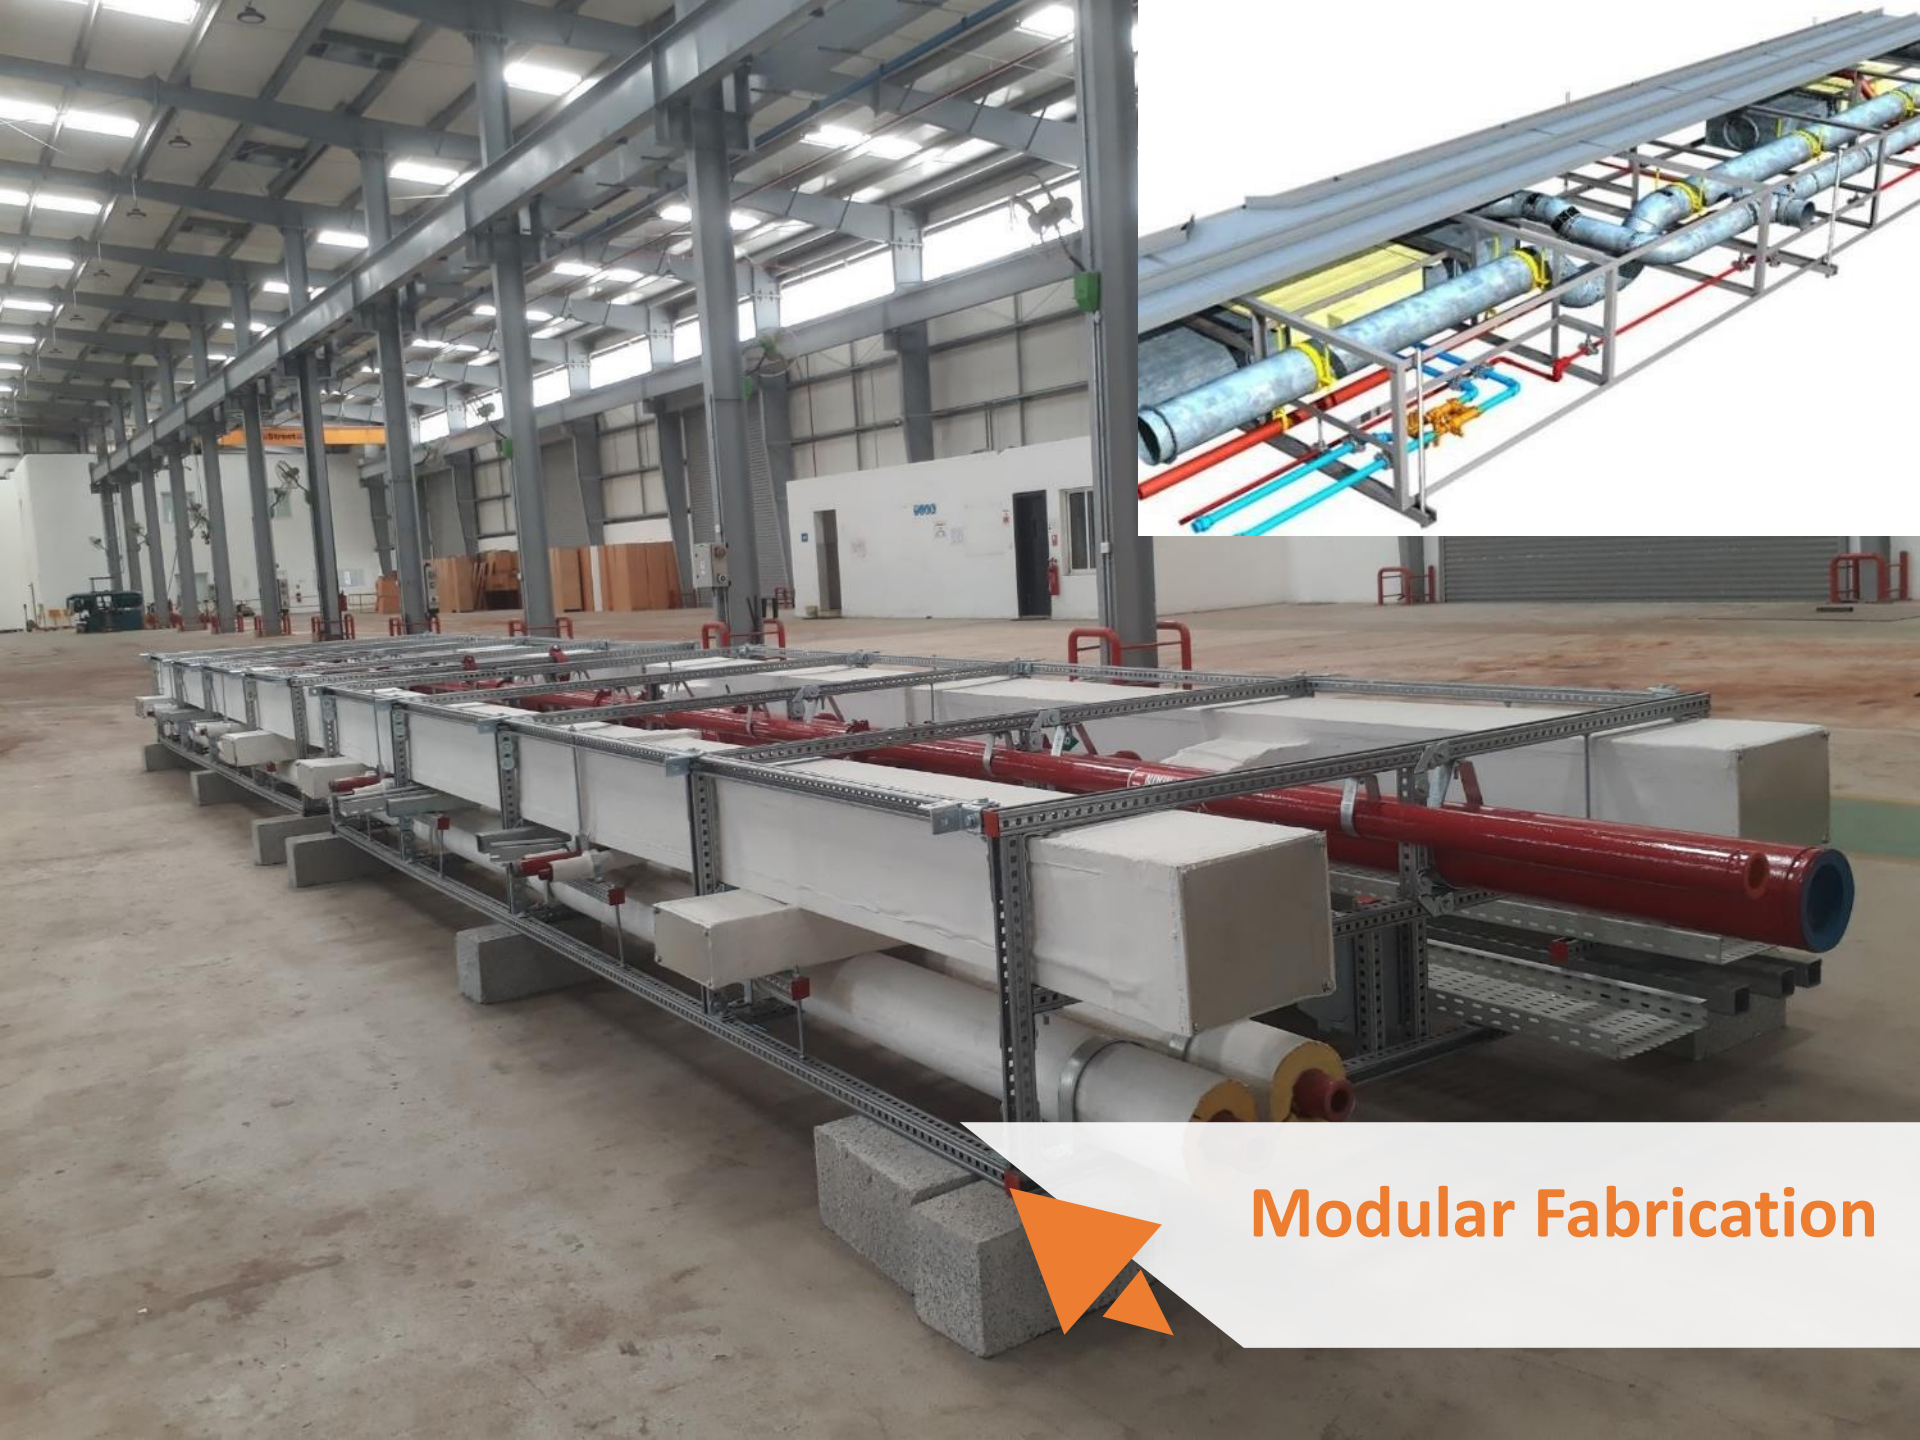

# Our Machines

- Capable of producing Stirrups at a feeding capacity of 150 M/min.
- Machines can operate with twin strands of either 8 mm, 10mm, 12mm or 16mm diameter deformed steel.
- Production tolerances of stirrups produced by these machines are
  - Side length (max.)  $\pm 5\text{mm}$  (rmal  $\pm 1\text{mm}$ )
  - Angles (max.)  $\pm 2$  Degree (rmal  $\pm 1$  Degree)

**Name: Strriup Machine**

**Brand: Oscam, Italy**

**Modular Fabrication**

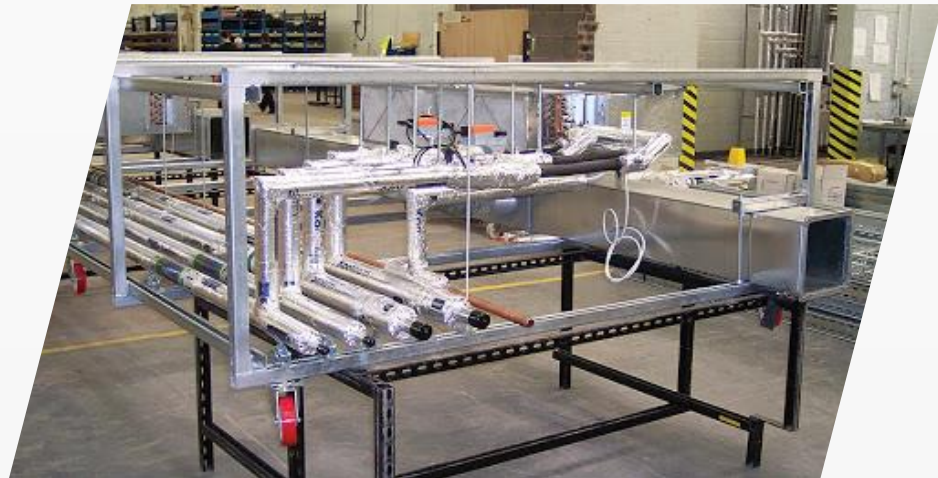

# Our Strengths

- Having vast experience of on-site construction & finishing accrued over the years
- Engineering capability to modularize the on-site constructions
- In-House facilities for producing all the essential components of modular fabrication

## Products & Services

- Prefabricated MEP Modules
- Modular Site Offices
- Modular Accommodations
- Kitchen PODs
- Bathroom PODs

**MEP – GI &  
Pre-Insulated Ducts**

# Our Strengths

- Full-fledged facility of duct fabrication covering an area of 4000 m<sup>2</sup>
- Capacity to fabricate and assemble @ 800 m<sup>2</sup> per day
- Equipped with latest technology to produce the high quality sheet metal ducting as per International standards such as DW 144, SMACNA and project specification
- Duct fittings like elbow, offsets, tapers will be fabricated with CNC plasma machine with minimum wastage
- Fabrication and supplying of pre-insulated ducts to major projects in the Sultanate of Oman
- Capability to carryout sheet metal fabrication including the aluminium cladding works

# Products & Services

- Rectangular HVAC Ducts
- G. I. and S.S. Ducts
- Round to Square Ducts
- Cladding Works
- Pre-Insulated Duct Fabrication and Assembly
- MEP- Prefabricated Modules

# List Of **Machineries**

Sr. No	Machine Name	Quantity
1	Plasma Profile Cutting Machine	2
2	Roll Forming Machine	1
3	Hydraulic Bending Machine	1
4	Hydraulic Shearing Machine	1
5	Automatic Seaming & Seam Closing Machine	1
6	Mechanical Bending & Slitting Machine	2
8	Lock Seamer for S & C Cleats, Pittsburgh	2
9	Electrical Shearing Machine	1
10	Electric Seam Locker –TRUMPH- Trutool	2
11	Pneumatic Seam Locker Machine- Dusark	2
12	Electric Fastening Machine –TRUMPH- Trutool	1
13	Electric Nibbling/Cutting Machine	2
14	FIRMAC Fully Modular Auto fold / Auto close Machine	1
15	FIRMAC CGF1 20/30 Flange Rollformer Machine	2
16	FIRMAC CGF1 Clip Rollformer Machine	1
17	FIRMAC DCDL Cleat Machine	1
18	CNC Plasma Machine for Pre-Insulated Ducts	1
19	Hydraulic Lock Seamer Machine	1

# Our Machines

**Name:** DCDL Auto Duct Line

**Brand:** FIMAC, UK

**Purpose:** Fabrication of Automatic HVAC Ducts with Notches, Stiffening, Shearing, Flang Formation, Pittsburgh

**Name:** Cleat Forming Mac

**Make:** FIMAC, UK

**Purpose:** Fabrication of Cleats for HVAC Ducts

# Our Machines

**Name: Hydraulic Shearing**

**Brand: Shanghai Hauntu Machinery**

**Purpose: Cutting of GI Sheets**

**Name: Electrical Seam Locker**

**Brand: Dusark**

**Purpose: Locking of Duct Corners & Seam**

# Our Machines

**Name: Plasma Profile Cutting Machine**

**Brand: Coorig**

**Purpose: Cutting of HAVC fitting like, Elbow, Offset, Taper & Round to square with accuracy & minimum wast**

**Name: Hydraulic Bending Machine**

**Brand: Shanghai HUANTU**

**Purpose: Bending of GI Sheet**

# Our Machines

**Name: CNC Pre-insulated Panel Cutting Machine**

**Brand: ALP Italy**

**Purpose: Cutting Of HVAC Duct Pre-insulated Fittings**

POD

# In house Expertise Used In POD Manufacturing

## Precast Division

- Civil Design
- Bottom Slab Construction

## Steel Division

- Overall Structural Design
- GI Stud frames Manufacturing
- Overall Structure Integration

## Products Division

- Supply of all Sanitary ware & Fixtures.
- Lighting, Electrical Products & GRMS

## MEP Division

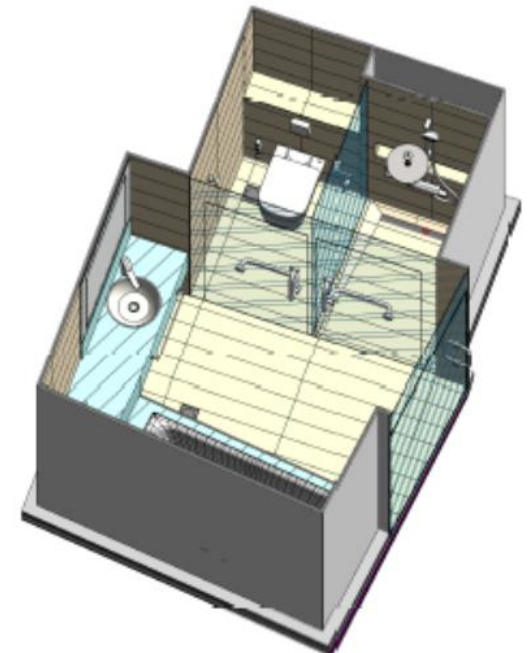

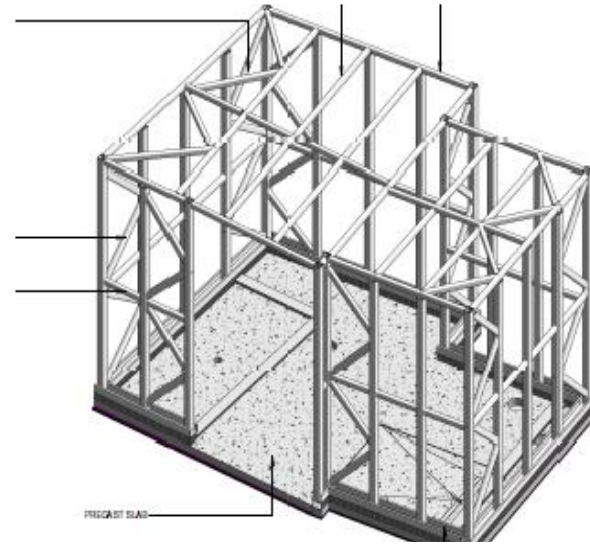

- MEP Design
- Integration with the Building MEP Services

## Civil / Finishes

- Water Proofing
- Fixing of Tiles & Accessories

## Glass Division

- Manufacturing & Supply of Glass Doors, Mirrors & Partitions

# Advantages Omani POD Manufacturer

Being sole turn key provider in Oman for POD, clients will have the following benefits:

- Accessibility to clients & lead consultants at any time on real mockups as production unit is in close vicinity of Muscat, Oman
- Selection and Installation of material and finishes (sanitary ware, fixtures & fittings, lighting & electrical products) is supported with our inhouse PDT division
- Large warehouses spread across Oman ensuring just in time delivery and installation which accelerates construction process
- Being a local manufacturer reduces the turnaround time as no customs regulations required for imports
- 25,000+ high finish bathrooms & kitchens constructed over the years
