Our Clients

“By managing risks and effectively using our financial resources, we remain financially sustainable and we maximize our expansion impact”

Mohamed Abdulaal

February 25th, 2017

Financial Sustainability

All Foods for Foods Stuff is a multimillion dinars revenue generating business and had Financial sustainability for the past 10-years through the years we had manage to maintain a stable and excellent income base.

It is acknowledged that in the present economy, this may seem like a difficult-to-achieve goal, as even the best a planned, well connected, successful foodstuff supplying companies are having difficulties navigating through the market with well-adjusted finances.

The percentage of organizations that achieve financial sustainability remain very low in the market.

Social Sustainability

All Foods for Food Stuff understands that the enterprise, the work-force, the suppliers and the client are all of the communities that we supervise in and we do have an authority to ensure the society's ability to exist and develop without depleting the natural resources as necessary to live in the future. We are committed to building positive relationships that's contribute to the social wellbeing of communities where we perform.

We believe that our strong commitment to the highest standards of corporate citizenship and environmental sustainability strengthens of our business, our own workforce and owned by our community. To this effect we have developed and implemented and will continuously improve a Social sustainability protocol to guide us in our daily work.

Equal Employment Opportunity

All Foods for Foods Stuff recognizes the Equal Employment Opportunity is a matter of civil commitment, equity and accountable responsibility. Its also recognizes that forbid discriminatory actions and point of view are sound management practice.

All Foods for Food Stuff always facilitates the creation of a workplace philosophy that maximizes organizational performance through employment determination.

SAUDI
MADE

**PROUDLY MADE
IN SAUDI**

Our Cheesemaker stands proudly in the heart of Saudi Arabia, dedicated to continuous improvement in quality purposes. The decision to venture into this new territory is rooted in our commitment to quality and customer satisfaction.

As we continue to supply premium Italian cheese to Bahrain, we recognized the growing demand in Saudi Arabia and saw an opportunity to extend our offerings to this dynamic market.

The Cheese Maker

About Us

The Cheese Maker W.L.L is a factory specialized in the manufacturing of premium Italian fresh cheese as well as other dairy products. The Cheese-Maker W.L.L is equipped to cater to local markets as well as G C C countries.

The factory acts as a wholesaler supplying the products directly to targeted markets including but not limited to supermarkets, hotels, restaurants, bakeries, cafés, and caterers employing the services of free next day delivery.

At The Cheese Maker W.L.L, we are planning to work hard to exceed the expectations of our prospective clients by providing high quality products, good customer service and applying the principles of HACCP.

The Cheese Maker

History

The Cheese Maker W.L.L is a factory that specializes in the manufacture of fresh & curd cheeses. The factory was registered in Bahrain July 19, 2018 and it became fully operational on February 20, 2019.

Production

The initial production line is composed of 6 cheeses; fresh Mozzarella, fresh Burrata, fresh Ricotta, White scamorza, Smoked scamorza, Mozzarella for pizza & Stracciatella. The annual manufacturing capacity is estimated at 50,000 kilograms of cheese.

The Idea

The idea of establishing The Cheese Maker was first realized when Mr. Mohamed Abdulaal (The Founder) and his Italian friend Giuseppe Favale (A Cheese Master) made fresh batches of Mozzarella and Burrata cheese at home in May 27th, 2018.

Team

The Cheese Maker team includes qualified specialists managing every step—from raw material selection to transportation—while strictly following Ministry of Health and HACCP food safety standards.

Clientele

The company's clientele base consists of fine-dine restaurants, hotels, caterers, bakeries and supermarkets as the cheese maker caters to businesses and end consumers within the kingdom of Bahrain.

Future Plan

Future plans to expand the distribution network to cover GCC countries and to expand the cheese production to include French and Greek cheeses is set to be executed in the beginning of the year 2024.

The Cheese Maker

Goal

To expand distribution network to cover GCC countries. To provide additions of unique variations of the products that has not been introduced to the market by any other manufacturer.

To hold the majority of market shares. To expand the production lines to include French and Greek cheeses.

Mission

To provide superior quality dairy products, that will be considered as a chef's first choice, to all markets we cater to through continuous product development, the application of best practices of the industry, the application of international standards of food safety, and through the provision of excellent customer service.

Vision

The Cheese-Maker W.L.L aspires to become the manufacturer and supplier of the finest quality of premium Italian fresh and curd cheeses within the kingdom of Bahrain and GCC countries.

Our Products

The Cheese Maker

MOZZARELLA

Based on an ancient authentic Italian recipe, these fresh mozzarella balls are delicate in taste. It has a high creamy texture. It's made for use in domestic as well as commercial kitchens. They're perfect for salads, pizza, pasta, and much more.

MINI MOZZARELLA

Also known as Bocconcini, this is a mini version of our mozzarella. Based on an ancient authentic Italian recipe, this tiny fresh mozzarella balls are delicate tasting. It has a high creamy texture. It's manufactured for use in domestic as well as commercial kitchens. They're perfect for salads, pizza, pasta, and much more.

BURRATA

This fresh cheese resembles a Fresh Mozzarella ball, but when split open, you will be delighted to discover a rich-tasting soft filling of fresh mozzarella pieces and cream called Straciatella. This cheese offers a milky flavor that gently fills the palate.

RICOTTA

Made from the freshest, purest ingredients. It features consistent milky, mildly salted, and a clean flavor that brings out the flavors of other ingredients in the dish without overpowering them. This versatile cheese meets the diverse needs of sweet and savory dishes.

Our Products

The Cheese Maker

PANEER CHEESE

Our paneer cheese is non-aged, non melting and the most versatile cheese freshly made in Bahrain in an outstanding quality and flavor which can be added to a variety of dishes.

HALLOUMI CHEESE

Our halloumi cheese is made in Bahrain, it's the perfect cheese which can easily be fried and grilled. Halloumi slices will retain their shape when cooked and it creates a unique treat.

WHITE SCAMORZA

Its texture is elastic, stringy and semi-hard as it is aged for a week before shipping. It has a strong piquant, milky and creamy flavour. Aging process can be extended up to 14 days depending on client request.

SMOKED SCAMORZA

Its texture is elastic, stringy and semi-hard as it is aged for a week before shipping. It has a strong piquant, milky and creamy flavour with a subtle sweet note of caramel and a strong smokey scent. Aging process can be extended up to 14 days depending on client request.

TECHNOLOGIES

About Us

Starting a new technology firm today presents a landscape filled with both opportunities and challenges. The rapid pace of technological advancement—especially in areas like AI, data management, and IT solutions—creates a dynamic and competitive environment for new entrants.

Launching a successful tech firm requires a strong understanding of emerging trends, a clear and well-defined vision, strategic planning, and the ability to adapt to potential challenges. By focusing on innovation, addressing real market needs, and building a talented, agile team, new technology companies can position themselves to thrive in this ever-evolving landscape.

Mission

To be the providers of MA Technologies strategies and services, which deliver long term commercial benefits, based upon our clients key business requirements.

The strategies evolved should be economical, efficient, durable, flexible and allow the organizations to respond rapidly to both market and customer needs.

Vision

MA Technologies vision is what the organization works toward together, serving as a guide for clarity and inspiration. The company's vision enables better understanding and execution of our goals and strategies.
