What is Expo Industria 2026?

Expo Industria 2026 is the most prominent industrial fair in the region, where the most dynamic productive sectors of the country converge in an environment of innovation and applied technology of the latest generation.

It is a strategic ecosystem that drives commercial exchange, technological transfer and high-value business partnerships, supporting Peru's positioning as the main logistics and industrial hub of the South American Pacific.

The major connection hub for the Pacific's industrial sector
