Sustainability:

Sustainability is the ability to preserve the quality of life through the rational use of natural resources, taking into account environmental, social, and economic to sustainability, as it declared 2023 considerations. The UAE dedicates the year the «Year of Sustainability», the theme «Today for Tomorrow». Sustainability can be achieved through several practices, most notably reducing the consumption of resources, such as water and energy, and better building practices to reduce energy and waste.

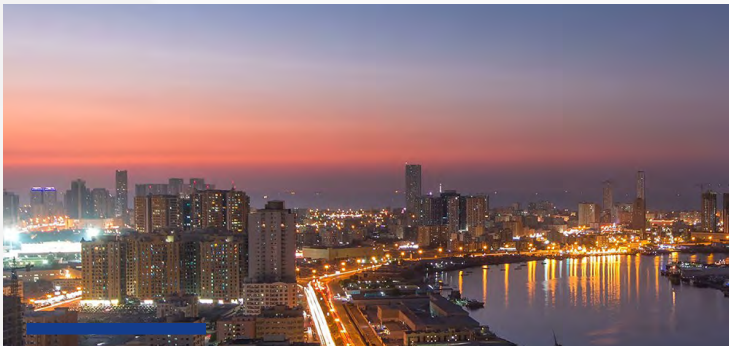

Sustainability Objectives:

- 1-Protecting natural resources
- 2-Developing innovations that do not affect the way of living and the environment
- 3-Finding alternative ways to support economic growth
- 4-Providing suitable solutions to maintain global food ratios
